Dear Patient:

It is with mixed emotions that I am announcing my leave from active practice at Aurora Foot and Ankle, effective July 18<sup>th</sup>, 2019. It has been a great pleasure providing health care for our community over the last few years. I will be moving out of state and closer to family.

I will be working and seeing patients as normal, until that time of departure.

As of July 19<sup>th</sup>, 2019, Dr. Quayle will be taking over my patients' care. All existing patients will be absorbed into Dr. Quayle's practice as follows:

- All patients who have established care in the last three years will be considered active patients of Aurora Foot and Ankle and will have care transferred effortlessly to Dr. Quayle's practice.
  - a. If a patient chooses to have their care transferred to another provider, you may call and request your records be prepared for you. At which time, they will be collected and you will be notified when they are available for pick up.
- Surgical patients will be able to complete their post op appointments with Dr. Quayle without a disruption in care.
- Established Tricare, Medicare, VA, and Medicaid patients will be worked into Dr. Quayle's schedule as quickly as we can.
  - a. Tricare and VA referrals are usually set up for our office and should not require a new referral to switch providers. You will still need to obtain a new referral if your dates of authorization or number of visits have expired.
- If a patient has not been seen in the last three years, insurance deems them a new patient. If this pertains to you, there are a few things that will change for Medicare covered patients.
  - a. You are considered a New Medicare patient at that time, and we will require a detailed referral from your primary physician. This will be reviewed before determination of accepting care.

I have greatly valued our relationship, and thank you for your loyalty and friendship over the last few years.

Sincerely,

A handwritten signature in black ink that reads "David Huntsman".

I look forward to continuing to work with our community. Please don't hesitate to call my office with any questions you may have.

Sincerely,
